|   |           |    | Help  |   |
|---|-----------|----|---|---|
| component.orm.sql.duration              | Histogram | ms | Measures the duration of all sql requests by ORM.                 | ORMSQLbucket <div><div>[<br/>1,<br/>5,<br/>10,<br/>25,<br/>50,<br/>75,<br/>100,<br/>250,<br/>500,<br/>750,<br/><br/>1000,<br/><br/>2500,<br/><br/>5000,<br/><br/>7500,<br/><br/>10000,<br/><br/>30000,<br/><br/>60000<br/>]</div></div> |
| component.orm.sql.total                 | Counter   |    | Total processed sql requests.                                     | SQL   |
| component.orm.sql.active                | Gauge     |    | Number of active sql requests.                                    | SQL   |
| component.orm.conn.max_open_connections | Gauge     |    | Maximum number of open connections to the database.               |   |
| component.orm.conn.open_connections     | Gauge     |    | The number of established connections both in use and idle.       |   |
| component.orm.conn.in_use               | Gauge     |    | The number of connections currently in use.                       |   |
| component.orm.conn.idle                 | Gauge     |    | The number of idle connections.                                   |   |
| component.orm.conn.wait_count           | Counter   |    | The total number of connections waited for.                       |   |
| component.orm.conn.wait_duration        | Counter   | ms | The total time blocked waiting for a new connection.              |   |
| component.orm.conn.max_idle_closed      | Counter   |    | The total number of connections closed due to SetMaxIdleConns.    | MaxIdleConns  |
| component.orm.conn.max_idle_time_closed | Counter   |    | The total number of connections closed due to SetConnMaxIdleTime. | ConnMaxIdleTime   |
| component.orm.conn.max_left_time_closed | Counter   |    | The total number of connections closed due to SetConnMaxLifetime. | ConnMaxLifetime   |
